

Fire Proof Box

SK-FBONE-32, SK-FBONE-128, SK-FBONE-256

Vehicle Fireproof Data Box connected to MDVR, MNVR, etc.

Feature

- Easy connection via aviation connector M12-5Pin
- Resistant up to 1100°C high temperature fire
- Functional at deep water
- Stored data retrievable after such events as fire, explosion, immersion, car crash, etc.

Specification

Model	SK-FBONE-32	SK-FBONE-128	SK-FBONE-256
Interface		5 pin aviation M12 female	
Power input		input: 5V±5%	
Power Consumption		< 0.5W	
Storage Medium		MLC	
Writing Circulation		3000 times	
Capacity	32GB	128GB	128GB
Fire-proof time		1100°C fire 15 minutes; 950°C fire 20 minutes; 260°C fire 120 minutes	
Immersion		100m deep water 240 hours	
Impact Force		100g (all axes) 50ms	
Static Extrusion Force		5kN (all axis) 5min	
Size:		122x 88 x 57mm	
Net weight		980g
